

# Funeral Home

## McCombs Funeral Home

Cape Girardeau, Missouri

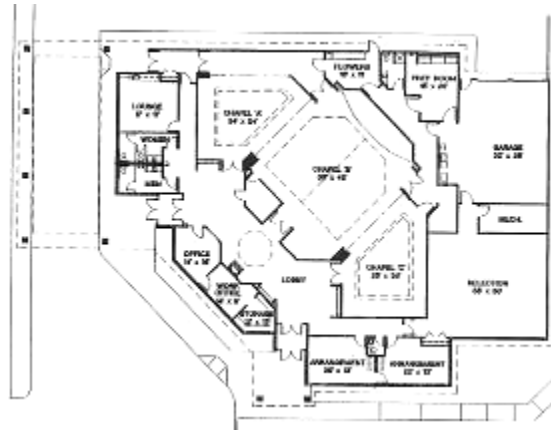

11,402 Square Feet

*“Building a funeral home is a “Big” task. If you are a veteran owner or a “first time” builder, there are many decisions to be resolved. We can honestly say that, “we did the right thing when we hired TWC. Their guidance and experience paid off in all areas. They built a building of good design that we could afford and the space that was needed.”*

*Bruce Dockins, President*
